***The start of your work is the part that is around the cap of the bottle. There are many sizes of hand sanitizers, so you have to check what number of stitches is suitable for your hand sanitizer. Continue to measure whether it fits your packaging. On the photo you see the size of the packaging I use. It measures: 10 x 4 cm.***

### ***Pattern***

If you prefer to sew in some ends before the end of the project, you can do that now.

Turn your project inside out and sew the color ends. Continue crocheting.

Round 14 – 22: SC in each stitch around, join, change to color D, chain 1

Round 23 - 24: SC in each stitch around, chain 1

chain 5, join to first SC to make a loop that will go over the button. Fasten off and weave in ends. Sew a small button on the back.

Attach yarn A at the bottom (photo) chain 10, join to first SC (loop so the bottle does not fall out)

Attach yarn D on left side of the head, chain 10, put keychain in the loop, slip stitch in first SC, fasten off. Sew the ends.

Embroider eyes, eyebrows and mouth with thinner yarn.

Crochet some flowers and leaves with thinner yarn and smaller hook (I used Scheepjes max bonbon and hook size 2 mm). Sew them on the head.
